BURGERS

WINGS | FRIES | SHAKES & MORE...

INDIA'S FIRST DIP-IN BURGER BRAND

The **DUNK** Story!

Welcome to DUNK Burgers – where burgers are made to be **DUNKed**.

Backed by **16+ years of proven expertise** in production and franchising, DUNK is a bold QSR brand redefining veg & non-veg burgers and café culture

We flip fast food on its head with our signature dip-it-in sauce burgers, made to be Drenched, Devoured, and Remembered. From juicy burgers craving & our in-house sauce bath to bold, crispy chicken wings, pop-corns, tenders, drumsticks, and crunch-loaded buckets – every bite is loud, messy, and insanely satisfying.

To cool things down, we serve a killer range of shakes, Cad-bees, coffees, ice creams, and mojitos.

At DUNK, boring food isn't on the menu – only bold dips, crispy bites, and full-on flavour explosions.

Dunk it. Dip it. Love it. 🍔🔥

Riding India's Burger Boom

-  India's QSR market is growing rapidly, projected to reach USD 48 billion by 2028.
-  Burgers dominate the category, contributing ~31% of QSR sales and growing at 19–22% annually, making them one of the most in-demand fast-food segments.
-  DUNK Burgers capitalises on this growth with India's first Dip-it-style burger concept, combining a high-consumption product with a unique, interactive experience that drives repeat visits and strong brand recall.
